Capstone Project
MyMoviePlan

Project Objective Or Background:

NMS Cinemas is a chain of single screen theaters that screen movie shows of different genres and languages at very genuine prices. It was established in 2004 in Pune , India. Recently business analysts notice a decline in sales since 2010. They found out that online booking of movie tickets from apps , such as BookMyShow and Paytm were gaining more profit by eliminating middlemen from the equation.

Developer Details:

Name : Snehal Pardeshi

Github Link:

https://github.com/SnehalPardeshi/CapstoneProject-MyMoviePlan
